Please tell me about different places in the world that you have lived.

Please share with me any special issues you have that I should be aware of in order to help you in class. This could be anything from “I need to sit in front to see” to “We just moved and we have to move again” to “my sister talks too much and makes it hard to do my homework,” or anything else you can think of.

For many people, *popular culture* (movies and television, music, etc.) is a big part of our lives. What about you? Do you have any favorite T.V. shows or bands? What kinds of things do you watch and listen to?

What about sports? Which ones do you like to play and/or watch?

Do you have any hobbies? Belong to any clubs?

What would you say are some of the best things about you? What are you good at?

What would you say is the biggest difficulty facing you right now?

Have you made any long-term plans? Have you given some thought about where you want to be a few years from now? What you want to be doing?

Ask me anything you want.
